1,000 Books Before Kindergarten Challenge (continues enrollment)
The concept is simple, the rewards are priceless. Read a book (any book) to your newborn, infant, toddler, and/or preschooler. The goal is to have read 1,000 books (yes you can repeat books) before your precious one starts kindergarten. Does it sound hard? Not really if you think about it. If you read just 1 book a night, you will have read 365 books in a year. That is 730 books in two years and 1,095 books in three years. If you consider that most children start kindergarten about 5 years of age, you have more time than you think. (So get started!) The key is perseverance. To help, the Family Center will offer incentives. Come into Family Center and sign up today. You will receive a packet and bag to get you started.
